The Committee on Commerce reported the

NO HOME RULE WANTED

The Dublin and Glasgow Chambers of
Commerce Protest in the Name
of Trade Interests.

Riotous Hungarians Still Making It
Lively in the Coke Regions.

Edmonds Introduces a Bill Which
Counts One for the American Hog.

Don't Want Home Rule.

London, February 25.—The associated
Chambers of Commerce, which have been in
session here for the past month, voted today
adopted by a unanimous vote, Resolutions
declaring that the grant of home rule
to Ireland would prove disastrous to the
trade of Ireland and Great Britain. This
is a resolution offered by the Dublin Chamber
of Commerce and seconded by the Glasgow
Chamber.

Those Tough Hungarians.

CONSELVILLE, PA., February 25.—The
Prussian Hungarians caused more trouble in
the coke regions this morning. A crowd of
them assembled in Bradford and marched to
Summit, on the Mount Pleasant branch, forcing
every coke drawer from work along
their route. They were nearly all armed
and fired numerous shots in order to intim-
idate the workers. At Summit and other
works the coke drawers fled through fear of
violence from the mob.

How the Railroad Fight Goes On.

New York, February 25.—T. L. Kimball
of the Union Pacific, J. F. Goddard and C.
W. Smith, of the Atchison, Topeka & Santa
Fe, J. C. Stubbs of the Southern Pacific, and
J. M. Hannaford of the Northern Pacific,
are all in this city, together with many
other delegates sent by the different lines to
attend the meeting of the Central Protective
Association. Several of the delegates mentioned
applied for leave to return to their homes
but received orders to stay here until further
notice. Tomorrow a most important meet-
ing will be held in C. P. Hall, Washington office
at the M. & P. Hotel, to see if the general
strike can be broken up. The debate will
be adjourned until to-morrow.

Mrs. Hancock Prostrated.

NEW YORK, February 25.—Since the fu-
neral of General Hancock Mrs. Hancock
has been confined to her room with a serious
attack of nervous prostration. She is stop-
ping at the home of Dr. John H. Miller, where
she has been received for Dr. J. H. Miller, the
post surgeon, has ordered quiet and repose
and only a few of the large number of friends
who have called since her bereavement
are permitted to see her. It will be
several weeks before she will thoroughly
recover. This is a sad blow to the Atchison
line. The Atchison people are reported to be
worried. They see now that they have
overestimated the importance of the San Di-
ego connection.

The Southern Pacific, it is understood,
have privately informed the Atchison,
Topeka & Santa Fe people that they will
make the fight more bitter than it is at
present, as they are determined to force
a settlement regarding percentages, which every
other road in the pool considers reasonable.

A rumor was extensively circulated in
Wall street to-day that the passenger and
freight rates on the roads to the Pacific
Coast would shortly go down to merely
minimum figure.

A telegram was received by one of these
agents to-day from Utah, stating that the
Utah pool would be strictly maintained for
the entire year of 1886, and that no com-
munications would be made. The present in-
races to California will in no way affect
Utah.

Competition for Northwestern
Traffic.

ST. PAUL, February 25.—It is reported here
to-day that a deal has been made between
the Canadian Pacific and the Manitoba roads
which, if consummated, will make the Cana-
dian road a formidable competitor of the
Northern Pacific and an active factor in the
northwestern railroad affairs in the United States.
By terms of this reported agree-
ment, the Canadian Pacific will give up its
policy of doing all business through the
Dominion, and will establish a
Pacific Coast line from St. Paul and
Minneapolis by way of its Manitoba
line. After June 15th a daily train will
run between St. Paul and Duluth and run
via the Canadian Pacific to the Pacific Coast,
thus without change to the Pacific Coast. In
return for the use of its line, the Manitoba
road is to receive from the Canadian
Pacific on every Eastern through ticket sold
by that road to any point in Manitoba
the same proportion of the total business
as the Canadian road receives from the
American roads turning over business at St. Paul
and Minneapolis. No new agreement as to
freight traffic is mentioned in the report,
though one is said to be contemplated.

Congratulating Over the Canadian
Pacific.

OTTAWA, February 25.—The Governor-General
in his speech to-day will congratulate the
country on the completion of the Canadian
Pacific railway, and on the prospect of its be-
ing opened for public business next June. In
reference to the fisheries negotiations, he will
state that should negotiations between Her
Majesty's government and the government of the
United States, for the appointment of a
commissioner to negotiate the same, be com-
pleted, it will be expedient for the Parliament
of Canada to make provision for protection
of the fisheries by an extension of the
present system of marine police.

He will allude to the rebellion in the
Northwest, and will express regret
that the public expenditure was so largely
increased in its suppression.

Against the Cowherd Militia.

WASHINGTON, February 25.—Six members
of the House Committee on Military Affairs
have submitted a minority report against
the formation of two regiments of cowboys
to take the field in Arizona and New Mexico
against the Apaches. The bill reported by
the committee proposes to give the members
of these regiments good pay and equip-
ment, and to allow them to recruit among
those whom they may be successful in
capturing.

The bill was introduced yesterday to meet
the bill introduced by Mr. T. C. Thompson.

In view of what he (Edmonds) thought,

it was clear that it was time to introduce
this bill again. The Senate assumed
the bill to be a mere afterthought, and
therefore did not consider it.

He will introduce the bill again to-mor-
row.

Chinese Seek Legal Redress.

PORTLAND, OR., February 25.—To-day Na-
than L. Baker of this city, and Al. White,
of Oregon City, who led the mob that drove
the Chinese out of Oregon City last year,
filed a complaint on behalf of the Chinese
against the two, in the United States Com-
missioner, charged with violating section 559
of the United States statutes. This section
was passed for the protection of Chinese
nationals. The Chinese were driven out in
1870, and the Commissioner, in 1874, is
said to have, the case exactly, and the
authorities think the men can be convicted.

The prisoners were released on \$600 bail
each, and the preliminary examination set
for Friday of this week.

To Advocate the Tariff.

PITTSBURGH, February 25.—At a conference
of labor leaders here a committee was
sent to Washington to present to Congress
the interests of the tarifff before the bill
is introduced.

Customs Cartage.

WASHINGTON, February 25.—The Collector
of Customs of San Francisco has been
instructed to take measures for having new
contracts made for customs cartage service,
to take effect at the expiration of the present
contract, April 30th.

Have Attached the Panama Hatch.

NEW YORK, February 25.—The Panama
Canal Company has been attached by a re-
ceiver of the Panama-American Trading
Company for money due for work per-
formed at Panama and Port Royal.

At two o'clock the Education bill was laid
before the Senate, and George took up
the discussion of the bill, and continued his remarks in favor of the bill.
